

# Chalo Chalein Chirhyagarh-- Exploring the Zoo- Kindergarten Role Play

---

EXPERIENTIAL ADHI GRAM BY SUMAN SOOD

# Dramatic Play –

In this learning activity, children will use dramatic play to express what they've learned about a topic. This is an effective option for all types of learners, but especially those who learn best through movement and creative expression.

## Exploring the zoo

Objective: Through a fun and interactive role play, kindergarten children will develop their creativity, communication, and social skills while learning about different animals and their habitats.

## What is a role play?

Role-playing for children is one of the best games to stimulate their creativity, expand their boundaries, and enhance their imagination.

Brain storming question-----For exploring the zoo, what role play can children do ?

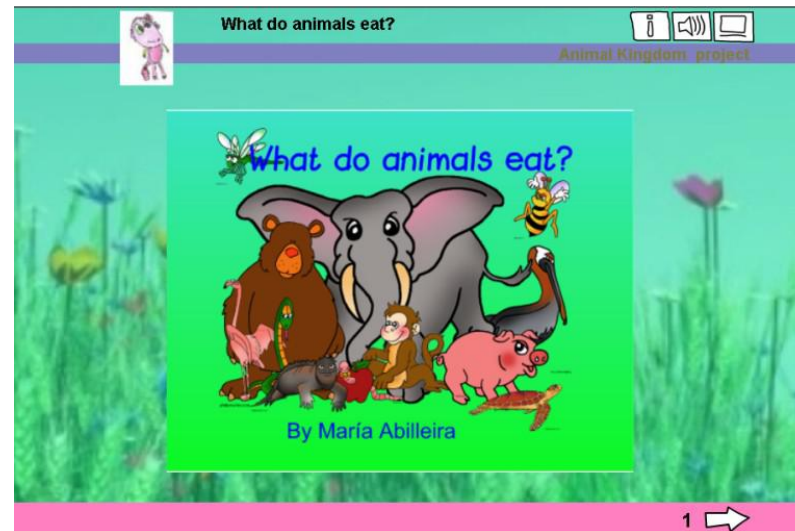

Activity—Groupwise choose an animal. Brainstorm about the characteristics and habitat of that animal (from the given pictures)

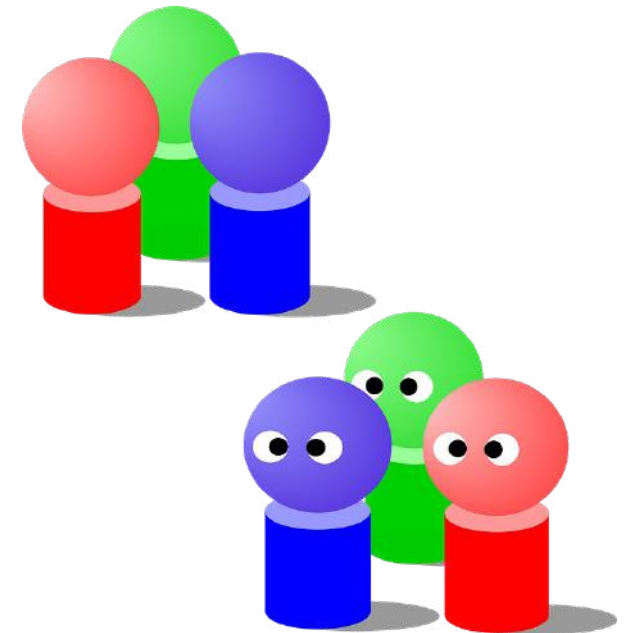

# Lets have Fun

Mimic the sounds and movement of different animals.

Group Discussion on animals' characteristics and habitats.

Drawing and Story Telling—

Share what you have learnt  
about the animal's habitat and  
characteristics

# Wrap Up
