

*Significance and Intelligence of
Art in foundational
Literacy and Numeracy*

What we will talk about

What is Art?

Importance of Art in the foundational Years

Foundational Numeracy and Literacy

Integrating Art with Numeracy and Literacy

Types of Art

Illustrating/
Drawing

Colouring/
Painting

Sculpting,
moulding,
constructing

Performing-Mus
c, Dance,
Drama...

What is Art?

Anyone can give a different definition to art but mainly art is defined as the expression and application of creative skill and imagination.

Why Art?

Expression

Arts subjects encourage self-expression and creativity and can build confidence as well as a sense of individual identity

Fun

Creativity can also help with wellbeing and improve health and happiness

Critical Thinking

It helps to develop critical thinking and the ability to interpret the world around us

The
"EARTH"
without
"ART"
is just
"EH"

Integrating Art

Art

Art is more concerned with expressing ideas that may have more than one meaning.

Design

Design is focused on achieving solutions with measurable results.

Exploring Arts

People

People around us

Places

Places they imagine
can be

Animals

Creating animals
around and based on
their imagination

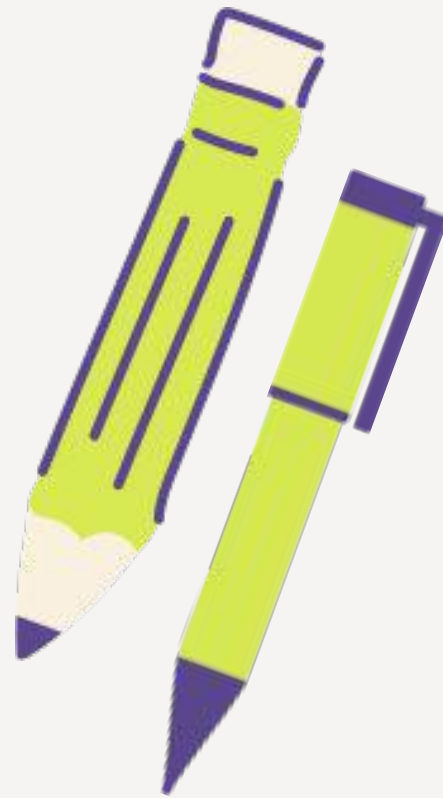

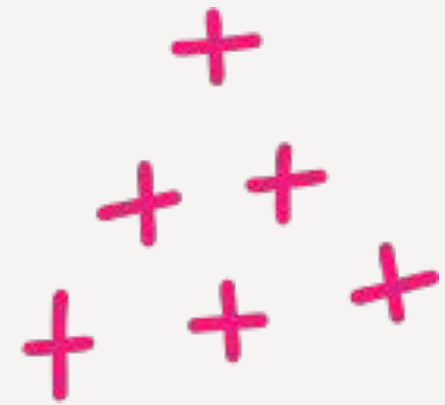

Abstract

We let the kids
explore their
imagination

Art Materials

The list is endless...

Pencils and Pens

Papers

Clay and Paint

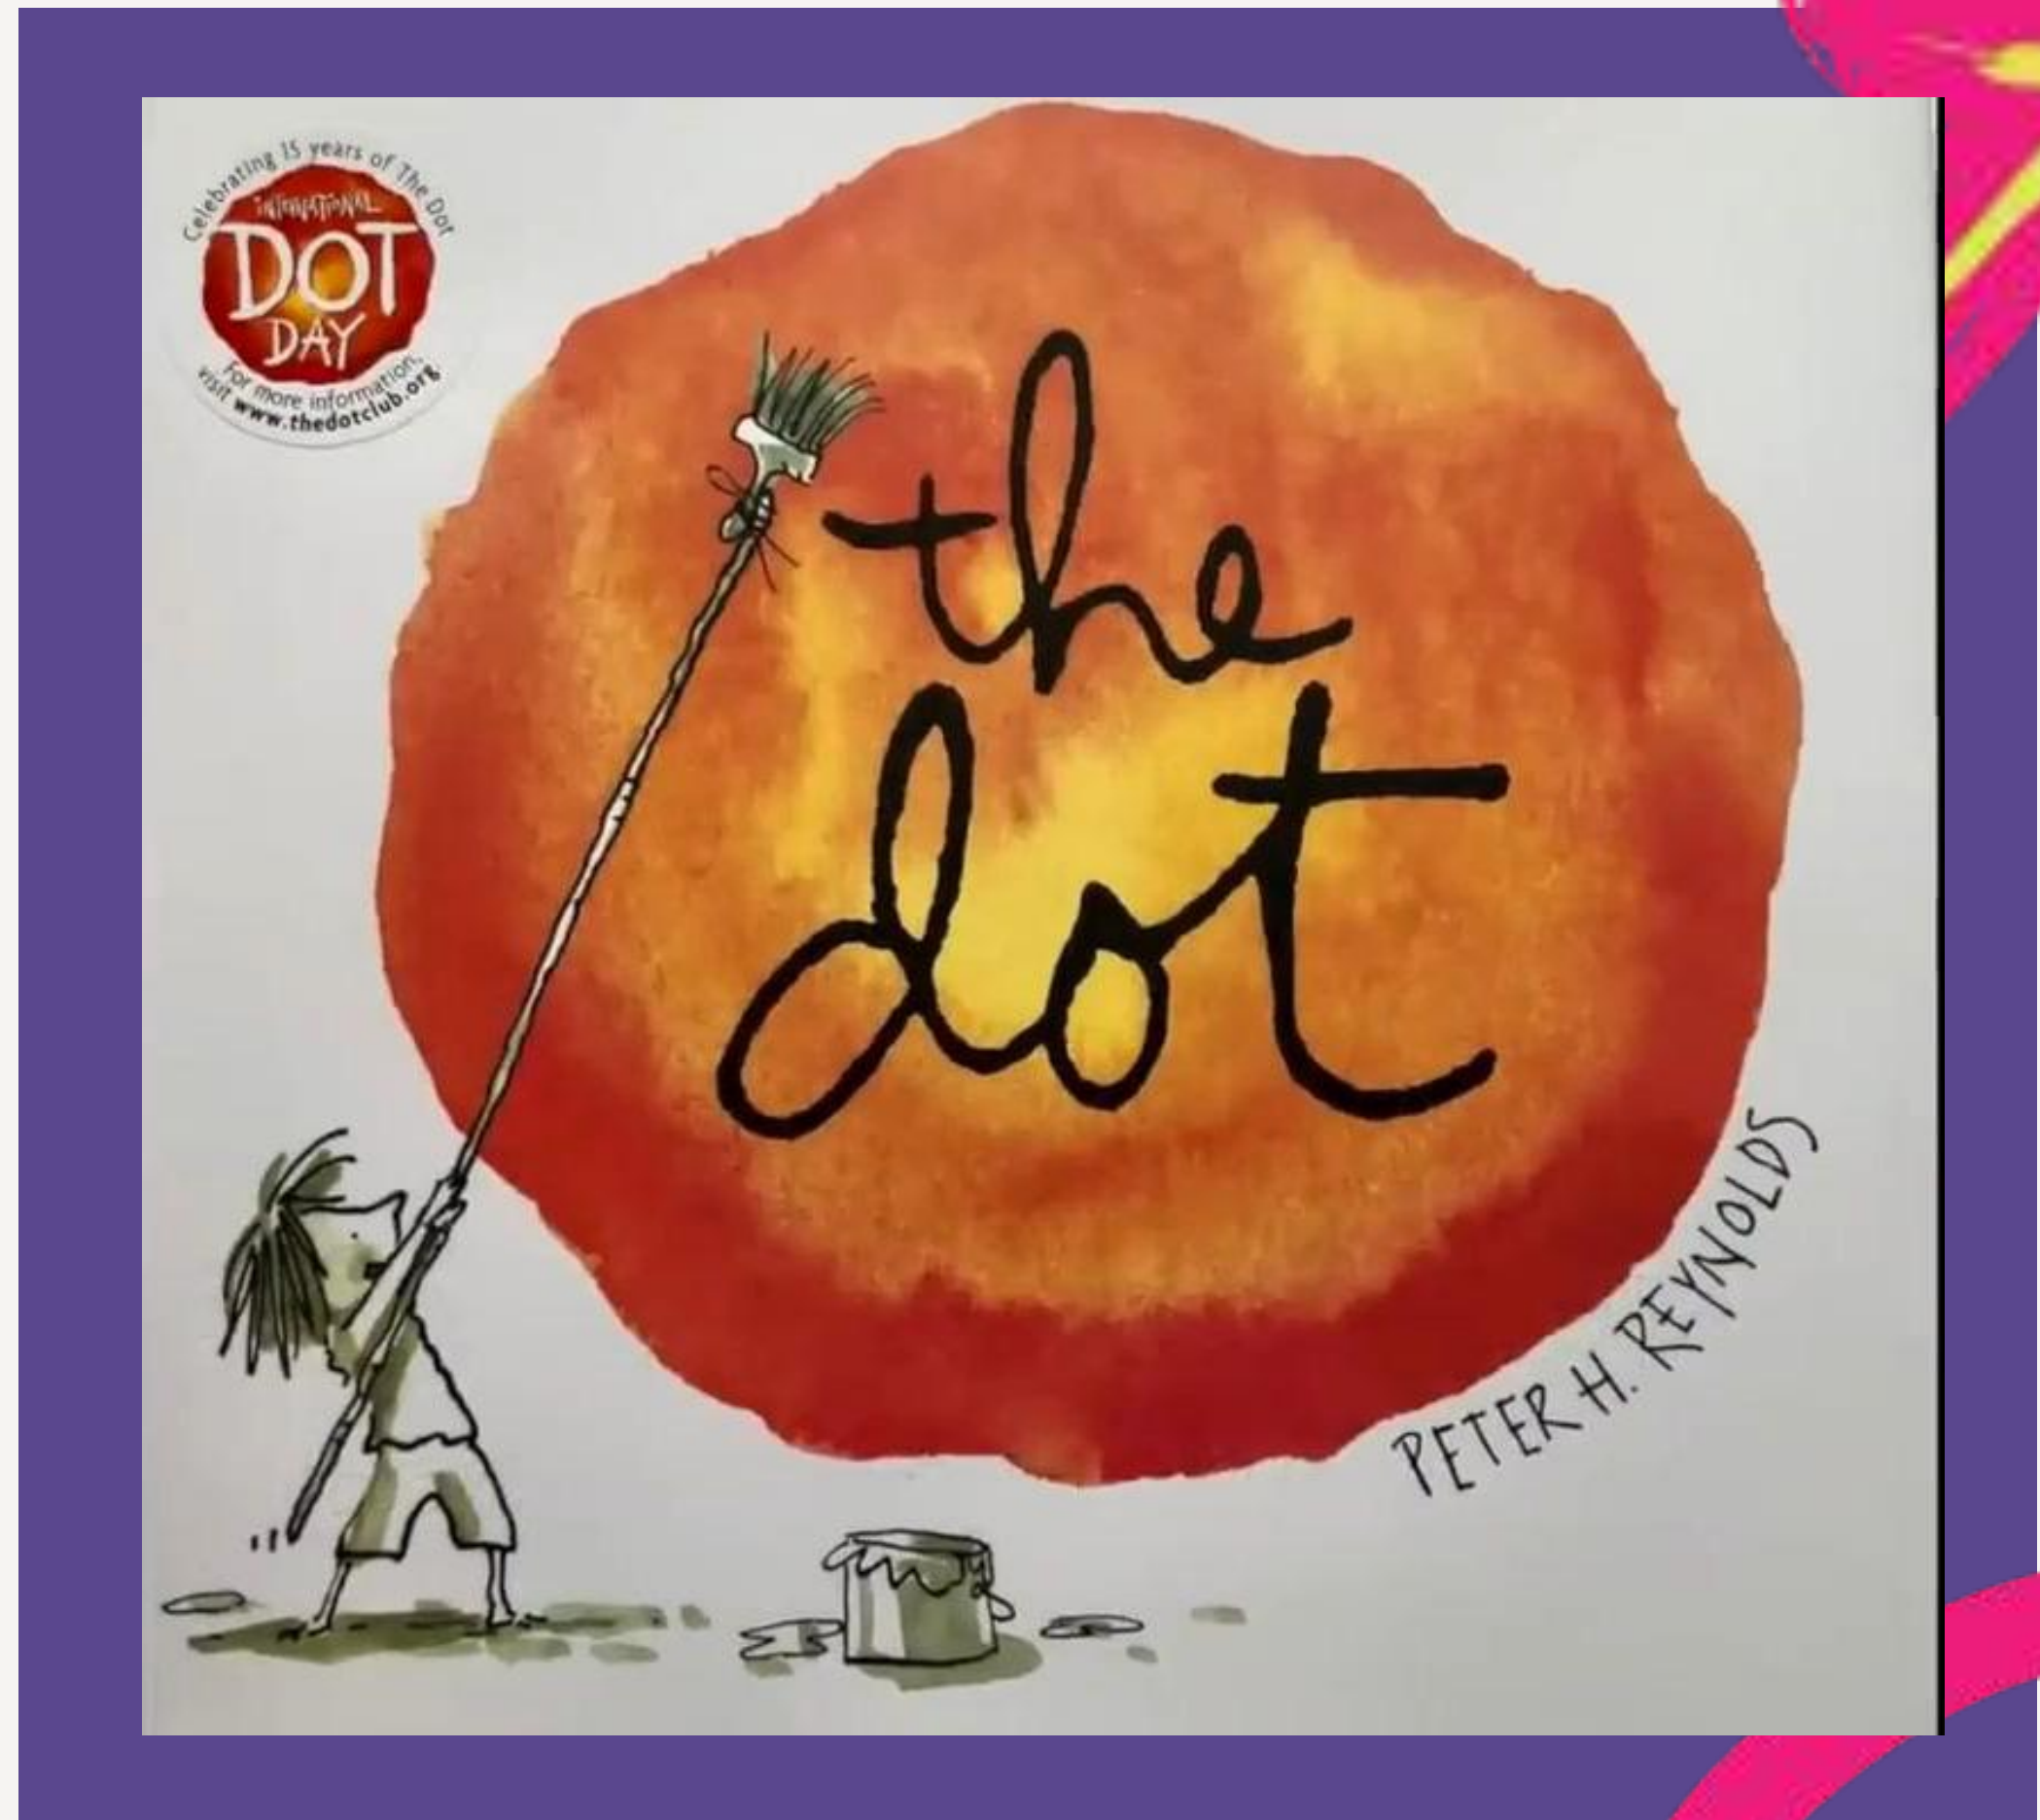

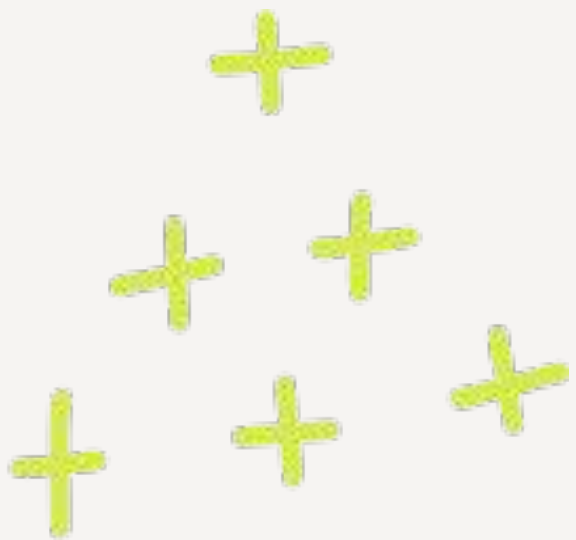

The DOT.

by Peter H Reynolds :

A wonderful story about art and
creativity for kids

Thank You!
